Mio FUSE

Mio FUSE is a sleek all-in-one performance wristband that combines patented Mio continuous optical heart rate monitoring technology with the features of a sports watch and activity tracker. Designed for all-day use, Mio FUSE tracks heart rate, distance, pace, steps, calories, and goal progress to provide athletes with a more comprehensive look at exertion, recovery, and overall fitness than any other product on the market.

- » Bluetooth Smart (4.0) and ANT+ transmission
- » In-workout communication to Mio GO app, third-party fitness apps, or sport devices
- » Built-in accelerometer to capture steps, calories, distance, and pace
- » Optical heart rate measurement and display in 'workout mode'
- » Multi-Color LED to indicate current heart rate zone
- » Automatic wireless syncing to Mio GO app
- » Offline storage of 2 weeks of daily activity data and 30 hours of workout data
- » Customizable display, activity goals, and heart rate zones (through Mio GO app)
- » Chronograph timer
- » Vibration and LED Color Alerts
- » Clock
- » Rechargeable LiPoly battery (charged by USB charger)
- » Water resistant to 30 meters (3ATM)
